

# Breast Radiologist Opportunity – Marin County

Just Across the Golden Gate Bridge from San Francisco!

At MarinHealth, we empower our providers to practice medicine the way it was meant to be — putting patients first. We are on a mission to create a culture of providers who enjoy collegiality and collaboration, and share our commitment to providing world class care, clinical excellence, and an exceptional patient experience. We offer a supportive environment, an exceptional staff, and beautiful locations in the heart of Marin, Napa, and Sonoma counties. We have a strategic alliance with UCSF Health, providing advanced care and special programs at MarinHealth Medical Center and all of the MarinHealth Medical Network clinics.

## The Position

- Join a well-established, highly regarded Breast Health Center in beautiful Marin County.
- This position is employed by MarinHealth Medical Group.
- Full-time (36 patient contact hours) or part-time will be considered.
- Collegial environment.
- Clinic is located in Greenbrae and serves patients from Marin, Sonoma, and surrounding communities.
- Competitive guaranteed salary for 2 years with additional bonus opportunities.
- Epic electronic health record utilized.
- Highly desirable, family-friendly communities.

## Qualifications for this Position

- M.D. or D.O.
- Board certification or eligibility (with intent to become certified within 1 year) in Radiology.
- Completion of a Breast Imaging Fellowship required.
- The ideal candidate will have excellent communication skills and be able to develop strong relationships with patients, as well as sensitivity to cultural and linguistic differences.
- Licensed or eligible for licensure in California.
- Practice evidence-based medicine and possess a strong philosophy of excellence in patient care and excellence in the overall patient experience.
- Spanish-speaking a plus, but not required.

## Compensation

- The salary range for this position is \$500,000-\$800,000 with additional bonus opportunities. Final determination of starting pay may vary based on factors such as training and practice experiences. Additional pay may be determined for candidates that exceed specific qualifications and requirements.
- Generous benefits including medical, dental, and vision insurance, Long Term Disability (LTD) and basic life insurance, with a voluntary life insurance option, EAP, and a retirement plan with employer match.

## Breast Radiologist Opportunity - Cont'd

### MarinHealth Breast Health Center | A UCSF Health Clinic

We are looking for a fantastic Breast Radiologist to join our highly respected program. MarinHealth Breast Health Center's team consists of 2 board certified radiologists with special expertise in breast radiology, including mammogram, Ultrasound, MRI, and CT. Our Breast Health Nurse Specialists have combined experience of more than 45 years in nursing. Beyond providing diagnosis information and answering questions, they offer emotional support and guidance on next steps. Caregivers and administrative staff alike are committed to making each woman's experience the best it can be. Recognizing that mammograms and other breast imaging studies can be stressful for some women, we designed our offices to make visits as comfortable and convenient as possible. Our ultra-modern facilities offer the perfect combination of spacious, welcoming surroundings, state-of-the-art technology, and highly personalized treatment. Not surprisingly, compared to national standards, our early detection rates are outstanding.

MarinHealth's Breast Health Center acquired Hologic® Clarity HD and Intelligent 2D™ Imaging Technology in 2022. This advanced mammography software allows our team to merge the best of 2D and high-definition 3D mammography in a single procedure. This is the first mammogram equipment designed to mimic the natural contour of the female breast. More than 90% of women surveyed reported increased comfort during mammography.

### The North Bay: The Perfect Place To Live And Work

More than just a place, the North Bay is a state of mind. One that lives in all of us who love the land — and the lifestyle — available right out the front door. As often as we can, we walk, run, hike, bike, swim, or paddle, taking in the natural beauty of all that surrounds us. And somewhere between the beaches, the bay, Mt. Tamalpais, and the redwood forests, we find balance, energy, and inspiration. Put simply, the North Bay is transformative and healing. It's a beautiful place you can call home. You can choose to live in San Francisco, Marin, or Sonoma County!
