

Cardiothoracic Surgeon Opportunity— Marin County

Just Across the Golden Gate Bridge from San Francisco!

At MarinHealth, we empower our providers to practice medicine the way it was meant to be — putting patients first. We are on a mission to create a culture of providers who enjoy collegiality and collaboration, and share our commitment to providing world class care, clinical excellence, and an exceptional patient experience. We offer a supportive environment, an exceptional staff, and beautiful locations in the heart of Marin, Napa, and Sonoma counties. We have a strategic alliance with UCSF Health, providing advanced care and special programs at MarinHealth Medical Center and all of the MarinHealth Medical Network clinics.

The Position

The MarinHealth Haynes Cardiovascular Institute, home to one of the most respected cardiac surgery programs in the region, is looking for an exceptional cardiac surgeon to join our expanding team. Each year, our cardiologists and surgeons care for thousands of patients who require virtually every type of heart surgery, including coronary artery bypass graft (CABG) surgery, aortic aneurysm, arrhythmias, heart failure, heart valve surgery, and more.

MarinHealth Medical Center is the only hospital to offer vascular and open-heart surgery in Marin County. Our dedicated team takes pride in offering the most advanced surgical techniques and has access to state-of-the-art equipment, devices, and new operating suites, including our new hybrid OR which opened in November 2023, with dedicated cardiac surgery block time in partnership with cardiology and vascular surgery. Our hospital campus, which opened two brand new towers including all private patient rooms and state-of-the-art operating and interventional suites is equipped with 27 ICU beds and a cardiac step-down unit. 24/7 ICU coverage is provided by a large and experienced team, including surgical intensivists. MarinHealth also offers a full array of noninvasive cardiac testing in the community including cardiac MRI, cardiac PET CT, SPECT, and cardiac sports performance.

Cardiothoracic Surgeon Opportunities - cont'd

The Position
