Marin Rheumatology

This well-established, highly-regarded Rheumatology group joined the MarinHealth Medical Network in 2016. The group consists of two experienced, UCSF-trained rheumatologists, and we're looking to add two additional physicians to the group for succession planning and growth. The group enjoys close relationships with their colleagues at the Rheumatology Division at UCSF, and with their vast experience in community-based medicine, they are excited to mentor new rheumatologists starting their careers, as well as welcome experienced physicians looking to join the team. The practice is located in MarinHealth's new multispecialty medical campus in San Rafael, adjacent to primary care, urgent care, and orthopedics, and the physicians have privileges at MarinHealth Medical Center and Novato Community Hospital.

The North Bay: The Perfect Place To Live And Work

More than just a place, the North Bay is a state of mind. One that lives in all of us who love the land — and the lifestyle — available right out the front door. As often as we can, we walk, run, hike, bike, swim, or paddle, taking in the natural beauty of all that surrounds us. And somewhere between the beaches, the bay, Mt. Tamalpais, and the redwood forests, we find balance, energy, and inspiration. Put simply, the North Bay is transformative and healing. It's a beautiful place you can call home. You can choose to live in San Francisco, Marin, or Sonoma County.
